DID YOU KNOW?

Willamette Valley Cancer Foundation qualified for the Maybelle Clark Macdonald Fund Match for 2015. This Grant will provide the Foundation with an additional \$15,000 if we can secure \$15,000 in MONTHLY recurring donations by Dec 31, 2015. Please help us to achieve this goal by visiting our website or by contacting Carrie or Kassandra at 503-435-6592.

If you've ever been close to anyone diagnosed with Cancer, you know the diagnosis can change lives in a matter of seconds.

A battle with Cancer can put a financial, physical and emotional strain on a patient and their family. Your community based Willamette Valley Cancer Foundation believes a patient's general well-being is just as important as their treatment. Operating on generous donations from local businesses, individual families, fundraising events and planned giving, Willamette Valley Cancer Foundation has been providing vital financial relief to low-income patients during their Cancer treatment journey. Our individualized Patient Grant Program ensures transportation, housing, utilities, groceries, prescriptions, medical equipment and many other items not covered by insurance. Since 2002, the Foundation has provided over \$500,000 in assistance to local Cancer patients and their families. Your contribution ensures the Foundation will continue "Making Quality of Life Matter" for local friends, families and neighbors during this difficult time.
